INTRODUCTION

We take advantage of each line to fulfill the slogan “Save as much as can be saved.” It is the slogan and Mandate of the Infinite. This is how we use the INTRODUCTION of MESSAGES TO HUMANITY- PULLING AWAY THE VEILS. We inform you that this book was published for the first time in October 2023, joining the Spanish original to its English translation. Then the Infinite removed veils over the Regent of the Plane of Love, under the name A. D'Hertzáurea. Another unveiling of the Infinite about him was in SPIRITUAL REVOLUTION - The Cosmic Man - The New Humanity, published in Spanish and English in March 2024. This information about the unveiling of the veils is necessary, since there will be those who have read only one at different times. of these two books already published.

In the Books and Messages given through A. D'Hertzáurea it is advised to give priority to the transformation into gold-energies of the lead-energy fields of Low vibration frequency, being Christ, the True One, Who elevates to the High Frequency of vibration of the BEING the lead energies delivered to Him by those who investigate these energies attached to their souls. Christ transforms dense lead energies into gold energies and will attach them to his souls.

When the cosmic soul-beings have reached the High Frequency of vibration of the BEING they will be attracted by the Primary Central Sun of the Infinite Universe. They will cross the Wall of Light located between the Finite Universe and the Infinite Universe. As pure cosmic beings they walked the last Steps of the Cosmic Ladder, penetrating the Pure Heavens. They arrived at the Homeland of Light.

We remember again that untransformed lead-dense energies multiply, according to the cosmic principle Emit and receive. Those invisible to the human eye, the demons, know this principle. In the disseminated books, people are instructed and alerted about how “they” act, their purposes and mental attacks. They cannot do anything against the sons and daughters of God who do not vibrate at their low frequency of vibration.

To those who have begun the Path to the Heart of the Father and Return to the Homeland of Light, we warn that “they” are constantly around them, observing their auras, attentive to everything they think, say or do contrary to the Light. And they act to put them out of combat, saying this seriously. We motivate you not to let your guard down, handing over to Jesus, the Christ, thoughts, words and actions contrary to the Light. We encourage you to wonder if Jesus of Nazareth would have thought, spoken or acted like this.

We therefore warn about their purposes: “They”, those invisible to the human eye, want to penetrate the thoughts of those who strive to free their souls from the dense energies that they attached to them, speaking to them, posing as Jesus, the Christ. There are those who have fallen into their traps believing that their soul had been purified, and thus they could listen to Christ. Those who hear the voice of “them” will be seduced, as cell groups in their brains are magnetized. Those who are alert, and are aware of what “they” intend, should orient themselves in those moments to the Father and Christ within them. And talk to Them, putting in Their Hands of Love what they have experienced during “them’s” mental attack. And they will be victorious.

Those who have received high instructions and spiritual knowledge, and do not practice what they received, nor live the Commandments given by the Father, nor the teachings of the Co-Regent of the Infinite in Jesus of Nazareth, nor live the Laws of Love with their peers and with all beings of the Kingdoms of Nature, they put themselves in danger.

1. COSMIC FORCES. SHIPS AND FLEETS. RESCUE AND SALVAGE ACTIONS. WARNINGS TO CERTAIN EARTH GOVERNMENTS.

I, Yosué, Spokesman of the Brothers of the Stars report:

Those integrated into the Cosmic Forces come from Galaxies close to the sixth dimension. From habitat planets of the fifth dimension come the earth-based Brothers, those who man the great fleet ships stationed in the Kuiper Belt, those who man the ships that circumnavigate the Earth, and those who man the great ships of high vibrational frequency that keep in balance the magnetic axis of the planet Earth, invisible therefore.

We can all make ourselves visible or invisible by adjusting our frequency of vibration to that perceived or unperceived by the human eye. In the same way we can adjust the degree of vibrational frequency of ships, thus making them visible or invisible.

Some satanic hierarchies did not accept defeat in the Battle of Light won by Darkness. And many demons incarnated on Earth to make "scorched earth" of whatever could help the New Humanity to establish and extend the Kingdom of Peace over the face of the Earth in the Golden Age.

By their fruits you will know who are demons. Many live among you, not only occupy bastions of Power in certain Governments and known Organisations of the Earth, from which they tyrannise and go against the citizens of the State.

In the battle they lost, during the "pandemic", which was not, they tried to modify the human genome by massively injecting millions of sons and daughters of the Infinite with the known "gene product" malignantly incorporated into what they called "vaccines", which were not either. "They" discovered themselves to the Peoples of this World.

This is why I was assigned by the Father of Heaven as the Aide-de-Camp to the Regent of the Plane of Love of the Pure Heavens incarnated on Earth to assist Humanity, heretofore known as A.D.Hertzáurea.

The Father of Heaven will announce how he will be known to Humanity.

I am permanently at his side, as are the escorts of the Regent of the Plane of Love made up of ground-based Star Brethren of the fifth dimension, and those who man the ships assigned by the Father in Heaven for his permanent protection and service.

It is the Will of the Father in Heaven that veils are being drawn over the Regent of the Plane of Love following the attempted moral assassination by incarnate demons and their accomplices. All is being laid bare by the Light.

All Star Brethren of the Cosmic Forces are in service to the Father of Heaven, to Jesus, the Christ, and to the Ruler of the Plane of Love of the Pure Heavens.

We are on a Mission of permanent help and service to the sons and daughters of God, and to all beings and existences of the Kingdoms of Nature that inhabit the Earth, as visible manifestations of the Love of the Creator Father in form.

I am not a spokesman for Brothers from fourth dimensional planets. Neither is A. D'Hertzáurea their spokesman.

He is our only Spokesman, as he is also the only public Channel of the Father in Heaven and of Jesus, the Christ, at this time on Earth. The Brothers of the fourth dimension strive to help Humanity according to their consciousness and knowledge, which corresponds to the degree of vibrational frequency of their souls. We all love and support each other.

According to their degree of consciousness and knowledge they have built small ships that cannot travel to the fifth dimensional worlds, but can travel to the Earth, a third dimensional planet. None of their ships could lift or move warships or military aircraft into the interior of a country, for example, nor could they keep the Earth's magnetic axis in balance.

No ship of the Cosmic Forces has ever crashed to earth. None of our partially material bodies are in the dependencies of any Agency of this World.

Our ships were built to help man and the beings that have inhabited the Earth for millennia since ancient times. We have also built large transport ships for smaller ships that can move from one continent to another in seconds. Circumstantially they can land anywhere on Earth in relief actions.

Demons incarnated in certain rulers of Earth Peoples know that large ships could loosen the Earth's magnetic axis in an instant, if they exploded atomic bombs.

They intended to contaminate with radioactivity the farmlands, the waters, the

air, and Nature in general, and the beings of the Kingdoms of Nature. They were warned.

In an instant would happen what is written in "Between Ether and Earth". It was said by A. D'Hertzáurea at various times to certain rulers and Intelligence Services when we have reported through him.

If some have not read this book, which began to be disseminated internationally in the spring of 2022, and thus do not know what is related to the current situation in the Middle East, we transfer to this Message the following excerpt from chapter 13 of "Between Ether and Earth", pages 49 and 50.

«Since 2016 we have been giving “information” to Intelligence Services knowing that they were “listening” on certain telephone lines. **We have reported on what would happen if they exploded atomic bombs to contaminate farmland, rivers, lakes, water sources, and how much would serve to survive and settle the new Humanity on the face of the Earth in the Golden Age.** We have known for a long time about the plan of the Darkness to "make scorched earth" in its withdrawal from the planet towards the Abyss, its cosmic base.

“They are not going to be allowed!”, was and has been pronounced repeatedly by our Spokesman when we have reported through him, well, **“if the War Conflict started they would explode nuclear bombs, the large ships that keep the planet in balance” loosen” its magnetic axis a few degrees.** The Earth would oscillate, flooding the seas and the coasts. Military satellites would go down, making it impossible to launch any more missiles with nuclear warheads.

They understood "what they heard." After the "information" received, they have prepared huge amounts of conventional weapons.

The Great Struggle of the Peoples of the Earth will be the last war, a complement to “they” making “scorched earth”, through certain rulers, of everything on the face of the Earth. They are also architects of genetic and social chaos and the collapse of the economy.

Well-known instruments of "them", those invisible to the human eye, took control of the mass media by injecting capital, infiltrating and corrupting the Institutions, creating the so-called "pandemic" to threaten life, health and fundamental rights of citizens, causing damage to their productive fabric, carrying out "coups d'état", establishing dictatorships and tyrannies once they took power, committing acts of genetic bio terrorism against hundreds of millions of inhabitants of the Earth. And

acts of state terrorism in known countries. **“By their fruits you will know them.”** It was anticipated by the Coregent of the Infinite incarnated in Jesus of Nazareth.

“By beating the drums of war they are provoking the Great War Outburst of the Peoples of the Earth. Nothing will ever be like the second before the start of the Last Great War.

"Before the so-called Third World War starts, Israel will unexpectedly disappear as a state. Israel will never be a state again. Not long after the disappearance of Israel, the Great War Conflict between all the peoples of the Earth will begin.

“Whoever is beating the drums of war loudly does not expect this Great War to reach the continental territory of his country, the United States of America. Neutralized its sources of supply and storage of fossil fuels, he will be put out of action. At the same time they will have to deal with the effects of natural disasters caused by the Elemental Forces Fire, Water, Earth and Air, which will gradually purify this vast territory of magnetism "strange" to Mother Earth.

Nor will the US be able to raise its head, the States being divided into a man for himself. This is how the United States has wanted it, causing wars, destabilizing governments and destroying millions of lives, properties and subsistence resources of many peoples of the Earth, as a gendarme of the World Order, according to them, throughout its existence as a State. They will inexorably attract what has been caused in this time of accelerated change. That is how they wanted it, that is how they will suffer.

The new Humanity will live in Love and Peace during the Golden Age, the Kingdom of Peace, which will spread throughout the Earth, integrating the planet and the new Humanity into the Great Cosmic Family.

"They," and many of the current rulers, will no longer return to Earth. As the planet's vibrational frequency has risen, increasing its Light potential "they" have started to abandon it. What they can't resist. Hence making "scorched earth" in his retreat. Magnetic portals will prevent souls who have not raised their vibrational frequency from reincarnating on Earth.

(End of excerpt)

We Star Brethren are not physically what certain "experts" in their ignorance say, write or draw about "extraterrestrials" in magazines and television programmes. They know nothing about our ships, nor when we will become visible.

We will be closely united with the New Humanity, which will inherit the Earth after the Great War of the Peoples and the Second Coming of Christ in Spirit into the Earth's atmosphere.

We will help the New Humanity to extend the Kingdom of Peace over the face of the Earth, now without borders, without religions, without armies, living man in Peace with his fellow man and with the beings of the Kingdoms of Nature, fulfilling the Commandments given by the Father of Heaven and the Laws of Love taught by the example of the Son of God in Jesus of Nazareth.

Countless cosmic beings from the Pure Worlds Beyond the Stars and from the partially material Worlds have incarnated to help their brothers and sisters on Earth when the endless events that will devastate this World rage.

The great ships stationed in the Kuiper Belt, of dimensions unimaginable to man, were built for the salvage and rescue action of the inhabitants of Earth and of all beings and existences of the Kingdoms of Nature housed by Mother Earth, in which the Father and His Son are Life.

No man, no Life-bearing being, visible or unseen by man, will be left on planet Earth.

Evacuation and rescue will precede the initiation of the great processes of transformation of the crystallised matter of the planet by the increased action of the Elemental Forces of Fire, Water, Earth and Air.

The crystallised matter will gradually attain the degree of vibrational frequency determined by the Father of Heaven.

In this Message we warn those of goodwill throughout the Earth of the "strange" news created and propagated by media and official Departments of certain countries about UFOs, locations and forms of "extraterrestrial" craft, attributing to the "extraterrestrials" malicious intentions.

Thus they try to mislead about the Mission of the authentic Star Brothers on a Mission to help Humanity since ancient times, in the service of the Father of the Heavens, His Son, and the Ruler of the Plane of Love of the Pure Heavens.

2. HELP FROM THE FORCES OF THE COSMOS.

On January 26, 1990, Jesus, the Christ, manifested through Gabriele of Würzburg the helping action of the Brothers of the Stars when intense natural catastrophes occur on Earth.

We give a fragment of this Manifestation of Jesus, the Christ, on the action of the Cosmic Forces.

"Verily, the earth shall open, the seas shall rise. I am the Saviour and I call you.

I will keep for you some spaces of Light in which you can live and dwell, but the condition is that your souls become more and more luminous. This alone is the guarantee and not the many words about Life, about the Law.

Much has already been said about this. Many prayers were said. Peace was prayed for peace, but was there really peace in the souls? No. If there had been peace in the souls and in the hearts, then there would be peace on this Earth, and the Light would permeate the whole Earth

The waters, however, will permeate much of the surface of the Earth. And if then communications break down and in some places there are luminous souls incarnated, **then the Forces of the Cosmos will act. And your Brothers from the Stars will come.**

I tell you that these times are near. I tell you in advance.

Prepare for me the ways. However, if there is no Light in your souls, if you do not bear the sign of Love on your foreheads, then floods, catastrophes, earthquakes, misery and famine will sweep you away, will annihilate you. And more than one will disincarnate and find himself again in the realms of souls. And he will have to acknowledge that he has sinned.

And if in the realms of souls he purifies himself, if the soul repents of that which is pending, then it is possible that he can again incarnate his soul while the wheel of reincarnation is still turning in this way.

**Truly I say to you: the Forces of the Cosmos are in motion.
Of unimaginable size are the actions to save the faithful, those men who
strive to do My will, which is the will of God the Father-Mother.**

And many throughout the Earth are learning of the Message of Love. And they will take charge. In spite of the effort they will come in vehicles and later on foot to those places of Light and of Strength.

The Brothers of the Stars will lift up that which is luminous. And where there is Light they will land. And more than one thing will happen imperceptibly in the darkest night.

I call you: Return! I warn you. Do not only contemplate the Words of Life, do not only accept them, but realise them.

Fulfil the Law of Love so that you may be filled with Strength and Light. And the inner Life, which I Am, may at last guide you directly.

Times are serious, really serious. The wheel of reincarnation is going faster and faster. Time is getting shorter. And the Eternal One is shortening material time more and more so that the faithful may stand on safe ground.

Watch therefore and pray. And if you pray, examine whether you are fulfilling that for which you pray, for only then will your prayers of life bear fruit. All else is an illusion. Be aware that the times are serious.

Make yourselves aware that the Light, I, Christ is present.

And he who aspires to the Light, that one will be in the midst of the chaos and nothing will happen to him, for he who is full of Light, that one radiates the Light of Love, and the darkness must give way. However, as long as you still affirm sin and thus still sin, the adversary attacks and will seduce you more and more into sin, for he wants to have you with him.

He who lives in Me, in him Peace awakens. And he that hath Peace in him, he also bringeth Peace, My Light, into this world.

And thus My Light comes through many. I come to you through beings of Peace. I Am the Prince of Peace, the Christ of God, your Redeemer and Ruler of the Kingdom of Peace growing and forming on this Earth.

I Am in the Eternal Father the Law of Love, Strength and Wisdom.

The Eternal Law of God is Peace. This Peace, the Peace of Heaven, I bring to you.

And if I now bring it deep into your souls, I leave you the Peace of Heaven.

My Word is Life, My Word is Strength and Substance.

Whoever can grasp it, let him grasp it. Whoever wants to leave it, let him leave it.

I am Christ, the Son of the living God, Eternal and Unique, who is Eternal from everlasting to everlasting. PEACE!"

3. DRAWING VEILS OVER THE RULER OF THE PLANE OF LOVE OF THE PURE HEAVENS. LAST ATTEMPT AT MORAL ASSASSINATION.

"I am Your Father of the Heavens. At My right hand is My Son, the Corregent of the Infinite, Jesus, the Christ, Whom I sent to you and incarnated on Earth, being known as Jesus of Nazareth.
Our Names have been rehabilitated. You know Who We truly Are.

We take the Word and give it to Humanity in this Message through Our

Channel, the Ruler of the Plane of Love of the Pure Heavens, whom I created from the Chamber of My Heart.

As Ambassador of Our Love, the Ruler of the Plane of Love comes to kindle the Flame of Hope in those lost in the mists created by Darkness.
When the time comes I will announce how he will be known to Humanity, known now on Earth by the name of A. D'Hertzáurea.
He knows how he will be known.

At this time on Earth My Son and I are in him the Word, Our only public Channel, being also Spokesman and Channel of Yosúa, Spokesman of the Brothers of the Stars integrated into the Cosmic Forces, in Our service, and in His service as the Ruler of the Plane of Love of the Pure Heavens.

He is the initiator of the Spiritual Revolution pending on Earth.
Out of Love for Humanity he incarnated again on Earth to live among My sons and daughters the events of the collapse of the civilisation of lovelessness at this end of the Cosmic Cycle.

At his side remains invisible to the human eye his spiritual dual, the Seraphim Hanagiri, Corregent of the Plane of Love of the Pure Heavens, whom I also created from the Chamber of My Heart.

The Ruler of the Plane of Love has been announcing the Second Coming of My Son in Spirit in the atmosphere of the planet after the Great Warlike Confrontation of the Peoples of this World.

The prophet Isaiah announced the establishment of the Kingdom of Peace on the face of the Earth. He too has been announcing it, We through Him.

During the Reign of Peace the generations of the New Humanity will fraternise with the Star Brethren from the partially material habitat planets of the Finite Universe.

The Seraphim Corregent of the Wisdom Plane of the Pure Heavens has been faithfully bearing Our Word for decades. She has been accompanied and assisted by her spiritual dual, the Cherubim Ruler of the Plane of Wisdom of the Pure Heavens, who in incarnation was the Prophet Isaiah, who announced the establishment of the Kingdom of Peace on Earth..

He then had at his side his spiritual dual, the Seraphim Corregent of the Plane of Wisdom, who in her present incarnation has been and is known as Gabriele of Würzburg, Our Prophetess

She fulfilled her Mission. Through Gabriele of Würzburg, My Son, Jesus, the Christ, and I, Your Father in Heaven, have given abundantly by Word and in writing as much as has ever been given to Humanity.

When the Corregent of the Plane of Wisdom fulfilled His Mission, the Regent of the Plane of Love began His public Mission. The inhabitants of the Earth were not left alone. All is happening according to the Plan foreseen by Me, faithfully executed by Him.

Everything has been given to this Humanity, for My Son, Jesus of Nazareth incarnate, also came down to Earth.

What has Humanity done with all that it has received from Me, from My Son, and from all the Prophets I have sent to Earth throughout the centuries?

In the collapse of the civilisation of lovelessness lies the answer.

Love by loving your fellow man and every being in the Kingdoms of Nature. For My Son and I Am Life in you, in your fellowmen and in every being of the Kingdoms of Nature.

Speak with Us. We hear you. We are attentive to you.

You are cosmic beings. Remember that your Goal is to Return to the Homes of the Pure Heavens. That is where you come from.

Without freeing yourselves with the help of My Son, Christ, from the dense energies attached to your souls you will not be attracted to the Homeland of Light, Beyond the Stars.

Practice what you have received: you are free.

At this end of the Cosmic Cycle, I, the Infinite, the Light of Origin, began to radiate from the Central Sun of the Upper Worlds this Solar System and the Core of the planetary soul of the Earth through the Central Sun of the Galaxy, thus raising the vibrational frequency of the planet, that of the Nuclei of Being of the souls of billions of inhabitants of the Earth, and the frequency of vibration of the Nuclei of Life of all beings and existences of the mineral, plant and animal Kingdoms, visible manifestations of My Love made form on planet Earth.

As the demons cannot withstand this raising of the vibrational frequency, they began their retreat into the Abyss.

Incarnated demons who direct Organisms, also incarnated in certain rulers, continue to make "scorched earth" in their retreat from the Earth, genetically manipulating the DNA of My sons and daughters, in order to pass on the genetic alterations of men and women to future generations. With the manipulation of DNA they have created new, genetically untreatable diseases

"They" are those who destroy the foundations of the States which I, the Infinite, inspired as social units of organised coexistence.

They have prostituted the foundations of Democracy, which they have been using to seize power, using the Institutions that the Peoples have given themselves to achieve their ends.

"They" are behind the forest fires, the contamination of aquifers, the destruction of resources and everything My sons and daughters need to survive. They are behind the wars that have been ravaging the Earth. They bomb mercilessly reducing populations and buildings of essential services to rubble, killing and maiming. They destroy businesses, pollute water, air and farmland.

They have exploded atomic charges in the bowels of Mother Earth. They pollute the consciences of My sons and daughters. They pollute the atmosphere with countless waves of low frequency vibration from billions of televisions. They fumigate farmland and plants and cities and inhabitants with noxious products present in the chemtrails visible in the skies, parallel, using what has been acquired with means provided by the Peoples to go against the citizens - State...And much more.

The Peoples are unaware that:

All these destructive actions are being done to interfere with and hinder the settlement of the Kingdom of Peace on Earth, so that the New Humanity cannot count on vital resources, land and water for survival.

All of this, and more, is what is behind the "scorched earth" making of the demons and their seduced instruments in their retreat from planet Earth, for they lost the battle they waged against the Light.

This was announced in My Name to the Peoples of the Earth by the Ruler of the Plane of Love in the book ***"Between Ether and Earth"***.

The Ruler of the Plane of Love of the Pure Heavens is where I have placed Him, at the crossroads of the ancient roads of Africa and America.

From here he fulfils his Mission of Instruction and of Love and Peace to all the inhabitants of the Earth as the civilisation of lovelessness sinks. He comes to help all who wish to board the barges of Love, in time, by taking the Hand of My Son, Jesus, the Christ, the True One.

I am making everything new. When the time comes, many will begin the journey to Adamuz, Spain, seeking a haven of Peace and Hope for their aching souls, for chaos, social upheavals, battles, needs, lack of resources, and increasing natural and climatic catastrophes, will be present in the daily lives of My sons and daughters.

To say *"I travel to Spain"* by those who live in other countries will mean *"to travel to Adamuz"*, whose name, *Refuge* in Arabic, takes in the Alpha, A, and the Omega, Z, of the Latin alphabet. Such is already and will be the tragic world situation, that it will become "normal" in the life, experiences and moments of every person, wherever they live.

Cosmic beings from the Pure Heavens and from the habitat planets of the civilisations of the fifth dimension in the partially material worlds have been incarnating in families of this population, and of populations in the geographical area magnetically bounded by the ships of the Brothers of the Stars. They set out on a Mission of Love to help their brothers and sisters on Earth, and to support the Ruler of the Plane of Love.

What the Darkness knew.

Through its instruments they have attempted to assassinate him. Unable to make an attempt on his life, as seven Circles of protection have been arranged, the Darkness has plotted his moral assassination through demons and accomplices, mentioning his name in public places and the immoral scandal produced by these demons. This was spread by their accomplices to discredit the Ruler of the Plane of Love.

What they have tried to do has turned against them, as countless people who love him and experience his powerful radiance of Love and Peace have gone on the offensive, defending his good name.

Those who have attempted to morally assassinate Him had better not have been born, for they have irreparably harmed themselves. They will have to atone in the Timeless Realms of No-Time not only for the harm done to the Regent of the Plane of Love, but also for the spiritual harm done to those contaminated by the scandal wrought by these demons.

This episode of spiritual struggle between Light and Darkness has transcended to numerous people of diverse populations and places, who wish to know the cosmic being whose irradiation of Love and Peace has been experienced by the people who have been spreading their experiences in their encounters with the cosmic being who lives among them.

They know that they will be able to count on him when the events that will devastate the Earth, together with natural and climatic disasters, are precipitated. Difficult times that the inhabitants of the Peoples of the Earth will experience in the not too distant future during the collapse of the civilisation of lovelessness.

Would I, the Father of My sons and daughters who inhabit the Earth, leave them alone, abandoned to their fate, suffering unspeakably as the ship "*Earth*" sinks? The Ruler of the Plane of Love is among them.

Who really loves in this world today?

Can those gorged on the undigested nourishment given by Me and My Son over the years through the prophetic Word radiate Our Love and Peace?

Can those submerged in the swamps of self-deception radiate Love and help the infinite sons and daughters of Mine who will agonise and die along the roads and fields and forests and mountain ranges and streets of this world?

Woe to those brought down on a Mission of Love who have betrayed My Son, Christ, once again!

My Beloved Son did not come down to Earth to die atrociously crucified.

It happened that many of those who came down on a Mission of Love allowed their souls to be imprisoned in the brambles of Darkness.

In order that many of David's lineage might fulfil in these difficult times the Mission for which they came down to Earth, My Son drew upon Himself part

of the heavy burdens which they had attached to their souls.

For this He was apprehended, crucified and cruelly slain by the instruments of Darkness.

Many of those whom My Son, Christ, drew upon Himself dense burdens attached to their souls, have come down again on a Mission of service and help to the inhabitants of the Earth in these difficult times of wars, natural catastrophes and events that have occurred during the collapse of this civilisation.

And they have again betrayed My Son, Chris

Those blinded by the Darkness are unaware that they are sleeping on a powder keg with fuses flaring rapidly towards them. They will have a rude and fatal awakening.

Although "they", the demons, and their instruments camouflaged in State Institutions, have been using means acquired with the money contributed by the citizens-State to achieve their criminal ends, they will never be able to attempt against the life of the Ruler of the Plane of Love, who has lit the Flame of Hope in My infinite sons and daughters.

They will never succeed in making an attempt on his life, for the Ruler of the Plane of Love of the Pure Worlds is permanently protected and alerted by the Brothers of the Stars who man numerous ships, and those who accompany him as escorts and guard him, placed by Me at his side, permanently at his service and assistance, rendering useless the means employed to attempt against him by the instruments of Darkness infiltrated in certain State Institutions.

That which they will have to atone for also in the Timeless Realms of No-Time.

By their works and words ye shall know them.

Who of those sent by Me to instruct, assist and serve My sons and daughters of Earth has had a good time?

I, the Infinite One, make everything new. I inexorably expose everything in this corrupted World. Also the incarnate demons and their instruments.
PEACE."

4. EVERY UNFULFILLED SOCIAL CONTRACT IS NULL AND VOID.

We, My Son and I, Christ, Are the Life in the inhabitants of the Earth, and in all beings and existences housed by Mother Earth.

We reside in the Abodes within, in the Core of Being of the soul of each of you, sons and daughters of the Infinite, that I Am.

We are the Life within you, whether you are believers or non-believers. It is so. Therefore, you are not alone or abandoned in this world. And so we say to each one, to each one of you:

A majority of the rulers of the Peoples of the Earth do not fulfil what they promised to the citizens and citizen-states in the election campaigns. In this way, they have failed to fulfil each of the social contracts signed with the other party, the voters who voted for them.

After taking their seats, how many parliamentarians travel frequently to the constituencies in which they were elected to find out from those on the streets how their and their families' daily lives are going? They do not know from the small entrepreneurs what they have been enduring as workers and people. They don't hear from young people about their situation and how they see their future. They do not talk to taxi drivers, delivery drivers, mechanics, small farmers, nor to those who make a living as best they can in companies located in industrial estates and in small shops on the street. Nor do they talk to hauliers, with families to support, paying for their lorries in instalments, suffering from rising fuel prices, being silent engines that help the functioning of local economies, production and service companies. Etcetera, etcetera.

Let the parliamentarians ask all of them about the politicians they listen to, talk to and discuss in parliaments, or when they stand in front of the television cameras.

Let them ask, that I and My Son, Christ, the True and rehabilitated ones, the Life in all My sons and daughters, will be able to answer and speak through many mouths. For the politicians and rulers go one way, and the People go the other.

Those who occupy parliamentary seats will then know that My sons and daughters are not alone or abandoned by Me or by My Son, Christ, the True One.

As a token of this we have asked Our Channel, A. D'Hertzárea, to transfer to this Message chapter 5 of "***Between Ether and Earth***"

5. THE RIGHT TO INFORM AND BE INFORMED

«The right to inform and be informed is the cornerstone of democracy. It is the parent right of the right to individual freedom of expression, exercised, not theoretical.

Not many members of the Earth's parliaments - there are some and they are well known - elected by the people, have fought for this fundamental right of the citizen-state and citizen-state to be exercised, and not persecuted, in this time of endless shamelessness, but this constitutional and human right is being used carte blanche by renowned members of the political class. For them, yes, but not for the people.

The right to inform, the right to freedom of expression, has been the privilege of those who frequently engage in sterile, ideological and unethical diatribes, applauded loudly for their dialectical blows and blows to other pointed fighting cocks of the political class, patiently observed by silent parliamentarians from the seats of the political "henhouse". Bad examples. A "henhouse" where those who rule from the lintel in the shadows, with the help of factual-financial assets, are at ease. They are the same, the same as always, who have been making accounting entries for income earned in bets on one or other political fighting cocks, in such pens of roosters and hens.

Unfortunately.

They are the ones who legislate on the reality perceived with the colour of the lenses of their parliamentary glasses, far from the People, to whom they owe their duty.

What do they know about the People in their day-to-day lives, in the meantime?

Ideas to legislate for the People could come to them from taxi drivers, tavern keepers, farmers, immigrants counting sea miles, those brothers in life who left their land fleeing certain death to meet uncertain death, from those who sell bread behind a counter, from the hairdressers in the villages and poor districts of the cities, from the vagabonds of Nature, philosophers of the painful silence, from those who beat the drums of war....

They are the People and they listen to what the People say.

What has a beginning also has an end.

Which parliamentarians are the voice of those who cannot exercise their right to denounce the violation of their rights and liberties?

They did so in the name of the Sovereign People when they took their seats. Not many of those elected - and there are some - as spokespeople for each and every one of the citizen-States that elected them, raise their voice for those who are truly deprived from the common good, disinherited even from their right to life and health.

The social majority of the Peoples of the so-called First World are the silent spokes of the wheel-State. Well-tensioned and tempered in their jobs, businesses and companies, sweating taxes, they keep the axis of the wheel-State in balance.

The chamber and the casing are the rulers, ministers and parliamentarians, many of them once 'democratic', but not truly democratic. Quite a few of them covered with sheepskins, being 'wolves', well-paid theatre actors for the well-tightened spokes of the wheel-state.

Millions of citizen-States, spokes of the wheel-State of renowned, apparently powerful countries, have been abandoned to their fate, victims of those who came to power covered with sheepskins, being 'wolves'.

The skins and masks have fallen. The fruits and unethical examples show their tyrannical nature. They lost the democratic legitimacy that clothed them until they came to power granted by the citizens-State, now victims of dictators and tyrant rulers, predators of public resources to offer them on a platter to members of the dark society, architects of the Coups d'Etat.

Infiltrated in the Institutions given to themselves by the sovereign People, they sow chaos and death, not only through conventional wars. They took over the mass media to declare **"a war against a Covid"**, to "legally" fire experimental genetic projectiles of synthetic mRNA against the genetic heritage of the demographic generations of the People, using with deceit and fraud the weapon at hand: **a PCR, an ineffective test, unauthorised, and "de-listed", finally, by some Centres created to Control and Prevent Diseases, a test that does not detect the covid-19 that provoked the entering into "war" with such a virus**, but that, after about two years of "war" it came to be known that, such a virus, **"presented as a weapon of mass destruction of Humanity"**, (*recalling the lie of the weapons of mass destruction-war against Iraq*) was not really and physically known to the World Health Organisation, nor to the Centers for Disease Control and Prevention, nor to the Ministries of Health of the pandemic governments, nor did they have cultures of the coronavirus.

But PCR proved to be an effective weapon to "legally" attack health with synthetic mRNA, lives, and the genetic heritage of DNA - genetically massacred by synthetic mRNA - as well as the subsistence resources of the citizen-States, the foundations, as political, social and demographic subjects, of each State.

The States, as social units of organised coexistence inspired by God, the Infinite, in ancient times, have been destroyed again and again throughout human history by 'them' through their instruments. [*consult the newspaper archives*]. The same as always, who once again attack the States, decimating the demographic foundations of the States, leading to the holocaust of death and new, irreversible diseases, hundreds of millions of State-citizens: healthy children, young people, pregnant women, adults and the elderly, **without having informed them before massively "vaccinating" them of the adverse effects, including death, and the new diseases that the experimental genetic products, which were not and are not vaccines, produce and will produce in their bodies.**

The once healthy people could not decide for themselves whether or not to inject themselves with such experimental gene products, called synthetic mRNAs, used by certain rulers to attack their God-given genetic heritage of their original DNA.

The right to inform and to be informed has been violated by those who should have protected and safeguarded it.

Nothing will remain hidden. No stone shall be left upon a stone. No crime shall go unpublicised. No weak person's tears shall go unwiped. No arms dealer or arms merchant shall go unpunished for weapons sent for others to kill their fellows.

There would have been no "pandemic" - aggravating the economic and social crisis - with ethical governments, independent and free television, radio and press networks, without the investment funds of international elites injecting capital into the mainstream media, **but with renowned scientists, Nobel Prize winners, virologists, doctors and biologists reporting through the media.** It has not been possible for these citizen-states to exercise their right to inform their fellow citizens, because the rulers, who should not have usurped the role of doctors, should have safeguarded the right to freedom of expression and the right to freely receive truthful information through any media.

They have violated the right to inform and to be informed, the cornerstone of Democracy, which has been assassinated in certain States with 'parliamentary' systems.

We are exercising the right to inform citizens and citizens-State, exercising the right to freedom of expression.

Meanwhile, the frames of this civilisation's ship continue to creak, also overloaded with the innumerable millstones, ropes and name tags of those who cause scandal after scandal. Their multitudinous followers, intoxicated, hypnotised and seduced, cheering and applauding, do not see that the ship is sinking, inexorably.

The law of cause and effect, with its sea of heavy fruits produced by the infinite causes sown by Humanity throughout the ages, is already pounding and sweeping the deck of the ship of this world.

The ethical remnants of Humanity, who see that the ship of the materialistic world is sinking, are boarding the barges of Light to save themselves from the wreck caused by Darkness.

"The situation is chaotic. What remains to be corrupted? 'Subversive' ethical and moral values survive as maquis in the jungle of the unethical."

*

(Do some already know why the Darkness has tried to physically and morally assassinate Our Channel?)

According to positive law, which safeguards the rights, freedoms and social peace in the Peoples of the Earth, the breach of the Social Contracts by the party that lied and did not fulfil what was stipulated with each citizen-State, makes the Social Contracts signed during the election campaigns null and void.

The party that came to power lied and did not fulfil what was stipulated in the Social Contract. Without knowing how to drive a car, it got behind the wheel of a bus with millions of people on board, driving wildly along narrow mountain roads.

There are rulers who have de-legitimised themselves in the eyes of their Peoples, who have become tyrants clinging to power, executioners of the citizens - the State. They are the ones who legitimately hold the power that they have delegated to their parliamentary representatives, many of whom, from their seats, have become gravediggers of the freedoms and human and constitutional rights of their constituents.

There are those who dug the grave for the corpse of Democracy before taking the levers of power.

Are the citizens of the State not entitled to expel from power the assassins of democracy, the gravediggers of their human and constitutional freedoms and rights?

If you will, sons and daughters of the Freedom which I Am, and which I gave you as an inheritance,
look in the newspaper and video libraries.

Remain attentive instant by instant, for the "reality" that the Earth and its inhabitants are living is different from the one told by the media in the service of Darkness.

It is a New Time, different from the one that sleeping Humanity has been living in, with not many millions awake among the eight billion that inhabit the planet, according to human statistics.

But these awakened inhabitants are the living example for the sleeping ones. They are the ethical remnant of the New Humanity, the collective ferment from which the generations of the Kingdom of Peace will emerge and spread over the face of the Earth, inhabitants of Peoples without borders united fraternally. PEACE.

6. THE NEW COSMIC REALITY. THE NEW TIME HAS BEEN ANNOUNCED.

Again I take the floor, Yosúa.

See and feel, brothers and sisters who inhabit the Earth, that the true reality is that of Spirit, the powerful and wondrous reality of that which vibrates at the High Frequency of Being, unperceivable to the human eye.

Know that all that has a beginning has an end.

After the end of Matter comes the New Cosmic Reality, illumined by the Infinite Father and Jesus, the Christ of God, the True Ones, His Names rehabilitated before Humanity, whom we serve.

So do we serve you, for the Father and Jesus, the Christ, are the LIFE in each and every one of you. And we bow before the Spirit of God in you.

The New Cosmic Reality is an unstoppable process, which will inexorably emerge from the rubble of Matter, the World vibrating on the Low Frequency of un-Love.

Brothers and sisters of the Earth, the New Time is unstoppable, and important changes are already on the horizon of this World, which are being shown in the Rulers of the countries of the Earth who have chosen to cooperate with each other for the good of the Peoples they govern, thus being living examples for the citizens and citizen-States they govern.

They are Rulers different from those who think of endless wars, weapons and plunder, different from those who have been plundering the Peoples for their own benefit, and are bad examples for Humanity.

These and those who support them will attract as magnets what they have caused to their fellow men, because they have chosen to serve the Darkness.

Brothers and sisters of Earth, the New Time has been announced.

It is the time of the Righteous Men and Women who will walk the face of the Earth victorious, victorious with the Light of their souls over the Darkness, represented by the Rulers and the seduced who have chosen to tie sacks of "lead" around their necks.

They will be engulfed by the Sea of Cause and Effect.

It is a beautiful, but also a serious Time, when Justice will be done.
And the tears of the weak and oppressed of this World will be wiped away.

The New Sun is coming, illuminating the lives of those faithful to the Father in Heaven and to His Son, Christ, even when the materialistic World is submerged in violence and war!

This World will have its end when millions depart for the Beyond. And only the steel of weapons will be left to make ploughshares to cultivate the Earth in Peace!

Blessed are those who love, being standard-bearers of the Light, conquerors of the Darkness, which shall never again rule the Earth!

All things are made New by the Father and His Son, Christ, the rehabilitated True Ones, not those of the religions of this World, illuminating the paths of those who begin the Path of Return to the wondrous Worlds Beyond the

Stars, even while incarnated in human bodies.

Among these are those who have fought for their rights, their freedoms and their genetic integrity: They did not allow themselves to be injected with synthetic mRNA in what they called "vaccines".

While the rulers injected placebos. We know who they are.

They tried to legislate in parliaments to forcibly inject them with the genetic poison, wanting to deprive them of their freedoms and rights. And they decreed to inject the product into children and pregnant women. Others declared to the media that they should be locked up tight. As examples. They have shown by their words and deeds that they do not belong to the Light, but to the Darkness.

These, and those who have tried to reach the People's Chieftoms, will suffer the consequences. And they will pass directly to the atonement in the realms of the Timelessness of No Time. And their accomplices and henchmen.

The dense, low-frequency vibrational energy fields they have created remain. They are leaden bells that they wear around their necks. We know them from other incarnations.

Despite millions of deaths and incurable genetic diseases, they are back to "scorched earth" with genetic poisons in children and the elderly by injecting them deceptively mixed with other "vaccines". But the bearers of the lead bells do not inject them.

Constitutional and human rights come to be spikes of golden grains and precious stones that dignify the human social being. And they safeguard his existence in Freedom while he is on Earth.

Those who wear leaden bells around their necks wanted to bury these ears of gold and precious stones in deep swamps.

Many, millions of the so-called unvaccinated rebelled against the tyranny of the instruments of Darkness. They rebelled against those who, being black wolves, seized power in the guise of gentle sheep.

Many, millions of God's sons and daughters succumbed to the demonic pressure of rulers, their accomplices and businessmen.

Deceived by rulers, their media accomplices and doctors, they allowed themselves to be injected with killer vaccines.

Many, millions, have become aware that "they are on death row". We listen to them when they talk to each other.

They are "those who have nothing left to lose". Among them are those who have taken up the torch of the revolution that is setting the Peoples on fire.

Others, millions, were "vaccinated" with placebos to make it seem that the "vaccines" worked.

Others, millions, were seduced, they allowed themselves to be injected with "vaccines" that were not vaccines. They proselytised publicly and in the media. They publicly proclaimed the responsibility to "get vaccinated" as an "act of love" for others.

Others let themselves be deprived of Freedom, and of the nourishment of grains of gold and precious stones mixed with the rotten chaff of their thoughts and the scythe-waves of the televisions.

They lost what dignified them as human beings. And yet, they proclaimed: *"We can still eat straw"*.

Those of good will and the simple of heart should understand the meaning of this sentence in quotation marks.

Who will be saved from the sinking ship of this civilisation?

Look in the newspaper and video libraries to see which of the above social groups you belong to. And those of you who have harmed and killed your fellow human beings, acknowledge it and make amends, in time, to lessen the size of the leaden bells. For the unpaid and unfulfilled bills are being presented for collection.

It is harvest time for Humanity today. Recognise that the *"Titanic"* of this materialistic world is sinking.

Are the Sovereign People obliged to obey those who, in breach of the Social Contract, have made it null and void, discrediting the democratic institutions that the People themselves granted?

To whom are judges, public prosecutors, forces of law and order and armies that swore an oath before the Constitutions that the People gave themselves?

Those among them who are beholden to the illegitimate and corrupt power have shown that they are against the citizens - the state.

Nothing will remain hidden, for the Infinite makes everything new.

We, your Star Brothers, know how much the Darkness has plotted in the

offices of its instruments, who came to "Power" by lying.

And by lying to the citizens and citizen-states they created a "pandemic". By means of the mass media, they have penetrated fear into the mental sphere of those who allowed themselves to be blinded in order to inject them with dose after dose of the synthetic mRNA gene product, in order to modify the human DNA.

What was advertised worldwide as "vaccines", without being vaccines, was malignantly "seeded" into human bodies.

These "seeds" began to yield harvests of dead people and untreatable genetic diseases.

For those who have not read *"Between Ether and Earth"* we present chapter 30 of this book:

A/A of Judges and prosecutors, forensic and judicial police.

7. SYNTHETIC mRNA & SPIKE PROTEIN

«Deaths caused by Pfizer's experimental gene injection.»

«WHERE THERE IS RISK THERE MUST BE CHOICE»

«Canadian vaccine research immunologist **Byram Bridle** had access to the Japanese Regulatory Agency's Pfizer Vaccine *Biodistribution Study*, withheld from the world's citizens by the **World Health Organisation**".

Where there is risk there must be choice. But neither parents of "vaccinated" children, nor young people, adults, elderly and pregnant women, have been given sufficient and truthful written information about the risks - including death - and the serious adverse effects, irreversible, new untreated diseases, which, in the short, medium and long term, will cause organ dysfunction, leading to death (**except for those who receive the placebo injection**), depending on the amount of experimental toxic synthetic mRNA product contained in each of the 5,000 Pfizer Lots and 5,000 Moderna lots, given the serious risk of death and irreversible diseases they will suffer from the action of protein S (Spike) and genetic modification of DNA by synthetic mRNA.

[**«Códigos de lote de Pfizer », «Códigos de lote de Moderna »**].

Millions of people have not been given the opportunity to freely decide whether or not to accept being injected with the experimental gene product carrying synthetic mRNA, which modifies their genetic heritage, and which induces cells to produce the protein S (Spike) by the software, which as a «messenger», delivers information.

«Tal Zaks, chief medical officer of Moderna: mRNA Alters DNA ([rumble.com](https://www.rumble.com))

*«The developers of the experimental gene vaccines claimed that the synthetic mRNA and S, Spike proteins would remain in and around the deltoid muscle» (point of inoculation), which is amply supplied by branching blood vessels near the heart, lung and brain. But data from Pfizer's Vaccine **Biodistribution Study** show that the synthetic mRNA and Spike proteins are widely distributed through the bloodstream throughout the body within hours, **causing cardiovascular and neurological damage, so once the mRNA is distributed through the bloodstream throughout the body, it continues to induce cells to produce S (Spike) proteins. Protein S (Spike) also accumulates in high concentrations in organs and tissues: the spleen, bone marrow, liver, adrenal glands, lymph nodes and, in fairly high concentrations, the ovaries.***

This damage will be compounded by the genetic modification that synthetic mRNA produces in the genome of cells, cell tissues and organs, and of any DNA it encounters, delivering its message to them in software.

Dr. Robert Malone (inventor of messenger RNA(*not gene RNA*), said it was necessary to monitor vaccine recipients for leukaemia and lymphomas, as there were concentrations of lipid nanoparticles in the bone marrow and lymph nodes.

Robert Malone was one of many scientists who warned the FDA about the dangers of protein S (Spike). Robert Malone suggested that autoimmune problems may be related to the free-circulating spike protein that the developers assured would not occur.

Once in circulation, S (Spike) proteins can bind to ACE2 receptors found on blood platelets and cells lining blood vessels, which can cause platelets to clump together, clotting the blood, causing thrombosis, or haemorrhage.

«Judges and prosecutors, forensic police and judicial police have the power to investigate, recalling that:

«Traditional vaccines, such as the smallpox vaccine (*vaccinia virus*) inoculated to the Peoples of the Earth, was packaged by the Laboratory in equal vials, suitable for storage and transport, containing each and every one of the thousands of vials the same suspension with the

'*vaccinia virus*' and the same innocuous excipients identified, with the same label attached for identification, as any medicine produced by a Laboratory sent with its mandatory and mandatory leaflet to the Pharmacies to be issued by them.

«This has NOT been done with the experimental gene products of Pfizer and Moderna, which are not vaccines per se: there are 5,000 Pfizer Lots known, and 5,000 Moderna Lots, including PLACEBO Lots, with alphanumeric codes, distinct, and barcodes, distinct, as the experimental product that it is, knowing to which areas, populations and districts or countries they are shipped, with reports of reported adverse effects, including deaths, being recorded.

[*« Códigos de lote de Pfizer « , «Códigos de lote de Moderna »]*

«The US Centers for Disease Control and Prevention (CDC) changed its definition of 'vaccine' so that the public would accept experimental injections of synthetic mRNA against COVID-19 »

8.

HARVEST TIME ON EARTH.

I am your Father, and I love you infinitely.

I am Christ, the True One. Your Redeemer, Elder Brother and Friend.

We Are the Life in each and every one of you. We are in Spirit in the Inner Abodes, in the Core Being of your souls.

For your understanding, the soul is magnetic, and attracts both the "gold" of thoughts, words and actions that vibrate on the frequency of the Love wave, and also attracts the "lead" of thoughts, words and actions that vibrate on the frequency of the Un-Love wave.

You are cosmic beings. You are in constant communication, emitting and

receiving, like your mobile phones. So where the soul emits from there it receives.

All that man has emitted, and received back has been recorded in the Cosmic Computer, both the IN-ADVANTAGE and the DEBIT.

It is harvest time, and the "lead" bills that have not been timely "paid" are coming to the souls, inexorably.

At this time all that is registered is vibrating increasingly, for the Light of Origin, which I Am, is raising the frequency of vibration of all the "lead" energies registered in the souls so that they may be transformed into "gold" energies, for in the Worlds Beyond the Stars, in the Pure Heavens, there is not even an atom of "lead". Everything vibrates at the high frequency of "gold". And Gold attracts Gold, and not Lead.

For your understanding, the energies magnetically attached to the soul are like "magnets" that attract whatever man has emitted in this or other existences.

Does man know how many magnets - "lead" - are in his soul?

Does man know that his soul emits at the frequency at which that which is registered in the soul vibrates?

Does man know that the "magnets" of his soul will inexorably attract the waves vibrating at the frequency-"lead" registered in the Cosmic Computer?

Does man know that when events occur which will shake the consciences, billions of inhabitants of the Peoples of the Earth will begin to project into the atmosphere infinite waves vibrating at the frequencies of the lead energies registered in billions of souls?

I, Christ, take the Word:

Man is in communication with his soul through the brain. And through magnetised cell groups vibrating at frequencies akin to those of the waves projected into the atmosphere, infinite waves will penetrate in droves, driving millions upon millions of the earth's inhabitants mad and plunging them into the pit of pain and suffering.

It will happen that the demons will mentally attack those who in their desperation emit mental waves akin to their vibrational frequencies.

We remind you that it is a priority to investigate, IN TIME, and in depth, the dense fields of "lead" energies.

Reread chapter 18 of ***"Between Ether and Earth"*** how the demons act mentally.

Tirelessly practice the instructions given in chapter 19 to be aware of the dense energies-"lead"-which are still attached to your souls.

Forgive, ask forgiveness. Speak from the heart to the one who has been harmed. And make amends to the best of your ability, if it is necessary to make amends for what has been done.

And give to Me, Christ, the recognised and the "lead" energies to raise their frequency of vibration to that of "gold".

Come to Me with your burden, for I, the Life in you, will help you to carry it. Talk to Me as one talks to a Friend. I always listen to you. Do not feel alone. PEACE.

9. AFRICA, AFRICA, AFRICA.

I, Yosué, take the floor.

The Brothers of the Stars, crew members of the ships that fly over the continents and countries of the Earth, also fly over the countries of the Sahel, attentive to all that is happening.

In the *"Message of the Brothers of the Stars given to Humanity during the collapse of the present civilisation"* - November / 2022 , we announced and warned about the creation of wars in Africa by countries of the West with the intention of making the borders jump, provoking waves of sons and daughters of God who will abandon their villages, populations and lands of subsistence fleeing from death in Africa to find it thousands of kilometres away from where they were born.

In the Message quoted above we also say: ***"We know of the agony of death they will experience, of their thirst and hunger and disease on dusty, waterlogged fields, in the rain and scorching sun, on asphalt and concrete and village streets, without a bed or a roof over their heads, where they can die with dignity".***

We made this statement because some thirty years ago the Infinite One showed the Regent of the Plane of Love the pictures in which He was helping His sons and daughters from the Sahel to die, who were dying in the streets of the population situated in the geographic area magnetically bounded by our ships.

Remember that we are in the time when the future announced by the Infinite is walking towards the present.

By the images given by the Infinite we also affirmed in the Message:

*"They will come from the countries of the Sahel and other countries of Africa where they have been training militias of fanatical Islamic fundamentalists, arming them with weapons provided by certain rulers of countries of the West behind the backs of their Peoples. They are already subverting order, destroying buildings, infrastructures and communication routes between neighbouring countries, necessary for trade and food exchanges, creating chaos and panic to provoke the abandonment of farmland, towns and villages, provoking "them" the great emigration towards countries of southern Europe, within their plan to "make scorched earth" to interfere and destroy with wars on a global level whatever helps the **Establishment of the Kingdom of Peace on Earth**".*

We, the servants of the Father of Heaven, of His Son, the Corregent of Infinity, of the Ruler of the Plane of Love of the Pure Heavens and of Humanity, are exceptional witnesses of what is happening in the Peoples of the Earth, as well as in the Peoples of the Sahel. We continually fly over them and monitor them. Thus we know what certain world leaders and oligarchies have been plotting behind the backs of their own Peoples and other Peoples of the Earth.

We know, therefore, what they have intended by waging war on free Peoples of Africa, inciting them to fight against the "enemy" created by them, whom they have instructed and armed to generate here and there pockets of war that will cause destruction and suffering to the suffering Peoples of Africa. We warn. And thus we help to neutralise and lessen what is caused by those who are using weapons. You are free.

And we know also that waves of beings of Light have come down to Earth on a Mission of Love and Peace to help and serve their brothers and sisters on Earth.

Many, many beings of Light have incarnated and will continue to incarnate in

families of all the Peoples of Africa. They are of all ages.

They are part of the ethical remnants who in all the countries of Africa will help and will be helped by the Brothers of the Stars when the time comes. Also those of you who read these words.

The only condition is that each one becomes shining like burnished gold, that each one investigates the dense energies of low vibrational frequency - "lead" - attached to his soul.

If the dense "lead" energies magnetically attached to the souls are not released and transformed, they will attract like magnets the demons vibrating in the low frequencies of the "lead" energies.

Help is available to you all in chapters 18 and 19 of ***"Between Ether and Earth"***, in 112 and 113 of ***"STEPS - The Cosmic Ladder"***.

And in My Son, Christ, who will transform into "gold" the "lead" that you give Him by raising its low frequency of vibration to the High Frequency of vibration of the Self.

These energies - "gold" - will be placed by Christ as Love-coins in the coffer of your souls, to be given to your fellowmen and to the Beings of the Kingdoms of Nature.

It will be like sowing grains of gold. The Infinite One will give you an ear of gold for every grain of gold-Love donated.

*

I, the Infinite One, and My Son, take the Word together now.

Late last spring, leaders from seven countries in Africa went on a Mission of Peace to warring Ukraine and Russia.

We Are the Life in them and we know of their thoughts, words and the planning they did to travel on Peace Mission, representing all the people of the African Union Peoples and Africa at large in this historic diplomatic Mission.

For the first time Africa occupied television screens, radio broadcasts and newspaper pages in every country on Earth.

We are also Life in the demons and their instruments.
 "They" and their instruments sought to derail the Mission of Peace.

And so I gave a Mandate to the Star Brothers of the Cosmic Forces based on the ground, and to those manning the ships on permanent Mission of help, to neutralise what "they" and their instruments intended to do, and to take care of the lives and safety of the leaders of Africa who travelled on the Peace Mission, from the time they began their journey until their return to Africa.

In the context of the Peace Mission, the translation of diplomatic language pointed to the need to unblock the transport and insurance of Russian grain, as the Peoples of Africa and other Peoples needed to receive grain.

The African leaders in the Peace Mission brought to life the symbol and flight of the Dove of Peace before the Peoples of the Earth, and before the leaders of the so-called "Christian" West.

I, your Father, and My Son, Christ, the True One, are the Life in you, My sons and daughters who dwell among the Peoples of Africa.

Feel that you are tenderly loved by Us in the hour of this World.
 We know your thoughts and feelings, your joys and sorrows, your health and sickness. Also of your needs.

We live in you.

When you looked at the pictures on the screens of your leaders in Mission of Peace, who represented you and represented Africa to the Peoples of the Earth, or listened to the radio, or read the newspapers, millions of you felt that your leaders in Mission of Peace had written the first page of the history of the New Africa. PEACE.
