

THE GREAT OFFENSIVE OF LIGHT AGAINST DARKNESS

(13 December 2021, via A.D'Hertzaúrea)

"I, the Infinite Creator, the Voice of the Universe, make everything new. Nothing of the old shall prevail.

Darkness, desperate for its exit from Earth, has continued to create genetic and social chaos through its instruments, making mistakes that precipitate the collapse of the economy. Darkness damages itself by losing much of the monetary flow on which it feeds. In their "scorched earth" efforts they targeted millions of tender young children, criminally injecting them with the genetic poison they have called vaccine.

In the face of this new crime perpetrated by incarnated demons and their accomplices, on December 13, 2021, billions of cosmic beings, from the Pure Heavens, from the habitat planets of the partially material Worlds, those stationed on the ground and circling the Earth in ships, began to radiate Rays of Love to the inner Suns of "them", those invisible to the human eye, to the inner Suns of the satanic hierarchies, of the rulers, authorities and those responsible for health and media all over the Earth.

"It was the beginning of the great offensive of the Light against Darkness by the continuous actions of un-Love against My children on Earth, against their right to life and health, against their Freedom, human and constitutional rights, suffering millions from the tyranny, oppression and persecution of certain rulers, being socially denigrated for refusing to be "vaccinated" with the experimental, gene-modifying genetic product, deceptively injected into millions of children, youth and adults, pregnant women and the elderly all over the Earth, hundreds of thousands dying, tens of millions suffering the irreversible adverse effects, new diseases with no possible treatment.

The projected Rays of Love cause the dense energy fields attached to their souls to vibrationally effervesce, uncovered as their souls "erupt". Nothing contrary to the Absolute vibrational frequency of Light will be hidden. That which is hidden will be made public. No dense energy will remain without its frequency of vibration being raised.

Cosmic troops camouflaged in Public Bodies, Public Administrations, Law Enforcement and the media will also come into action in the Peoples of the Earth.

They will set out on a Mission of Love to the depths of matter, the Earth, and will faithfully fulfil the mission entrusted to them in the face of the foreseen action of Darkness to make "scorched earth" in its retreat to its cosmic satanic base, the Abyss.

Their last strongholds of power on Earth will fall when Israel, the State that has been causing so much pain and suffering to millions of My children throughout that area, disappears.

There will be a brief period of apparent peace in that area of the Earth before the Last World Conflagration begins among the peoples of the Earth, which will bring down the Economy once and for all.

I, the Infinite One, make all things new. The structures of the States will be renewed, preparing them as much as possible to help the population in the face of the debacle produced by "them" and the satanic hierarchies in the economies, health systems, production and food reserves of all the peoples of the Earth during the false pandemic, created to "legally" modify the human genome. PEACE.
