

APPALLING DEATHS IN OLD PEOPLE'S HOMES AND HOSPITALS

"Longevity risk affects financial stability by threatening fiscal sustainability and weakening private sector balance sheets, increasing existing vulnerabilities in the current environment."

Berlin nursing home whistleblower: The terrible death after vaccination.

Video with *imágenes* that muestran residents held and vaccinated against their will.

The complainant había descrito : (Ctrl + pulsar...)

"How German soldiers accompanied the nurses to administer the vaccines.

"There was no informed consent. Some who resisted were vaccinated.

"How the residents' health deteriorated rapidly shortly after vaccination, resulting in the deaths of eight of the 31 residents within a few weeks.

"They were all supposedly in good physical health before the injections. They also tested negative for COVID, but started testing positive after the injections.

"According to the complainant's first-hand knowledge and observation, the deaths of these elderly people were "inhumane.

Normally, the person who is dying would eventually accept their impending death and, perhaps after seeing a loved one for the last

time, would go peacefully." However, "dying like after vaccination was different".

"Lawyer Reiner Füellmich, referring to residents who were previously in good physical health and only suffered from "dementia", said:

"One of them was a runner, in his 70s, I should say, who was also an opera singer and was still singing operas on the day he was vaccinated....After he was vaccinated, a couple of days later he died."

"We get more and more calls from other whistleblowers from other nursing homes in this country, plus we get information from other countries, such as Sweden ,Noruega_, Gibraltar, there are also incidents in Inglaterra, in the Estados Unidos. They all match the descriptions".[Ctrl + press..., reports of deaths in old people's homes.

Lawyer Reiner Füellmich: "It means that people are dying because of vaccines. What we are seeing in this video clip is worse than we expected. If this is representative of what is happening in other nursing homes and in other countries, then we have a very serious problem. And so do the people who make the vaccines and the people who administer them. **It looks more and more like we are dealing with homicide, and maybe even murder."**

"The deaths of elderly people in old people's homes in the West cannot be dealt with on the basis of official figures, relayed by the media and the press.

The figures given since January 2021 for "cases" or "infections" and deaths related to covid-19 have been found to be false. They have been obtained by manipulating the RT-PCR test, **which does not detect**

covid-19, internal infections or infections, a test officially and definitively "discontinued" by the Centers for Disease Control and Prevention (CDC) on 31 December 2021, its ineffectiveness announced on 21 July 2021, but fraudulently used "by **science** and **experts**".

"A document from the Centers for Disease Control and Prevention (CDC), released on 21 July 2021 by the US Food and Drug Administration (FDA), openly admits that: "The PCR test for Covid-19 was not developed with real samples, but with what appears to be genetic material from a common cold virus. Therefore, it does not detect covid-19".

With RT-PCT, they have created waves of hundreds of thousands of **false infections**, the first step to justify the inoculation of hundreds of millions of doses of the experimental synthetic mRNA gene product. The rulers are directly responsible for the millions of adverse effects, including deaths and new diseases, responsible for the bioterrorist attack on the hereditary heritage of hundreds of millions of people: the irreversible genetic modification of the DNA of those "vaccinated", without their consent, as they were not informed. They were terrorised by the mass propaganda of the television networks using clinical psychology techniques.

The generated dense energy fields are already proportionally attached to the souls of those involved in this horrendous genetic experiment. They will "erupt" when the time comes.

Moderna's Chief Medical Officer, Dr. Tal Zaks, **publicly admitted that the experimental mRNA vaccine for Covid-19 genetically modifies the DNA of the human body, thus ceasing to be God's creation** and becoming the creation of biotech scientists because of the software introduced into the synthetic mRNA, causing the genetic modification of the DNA of the "vaccinated" bodies, thus making them patentable, according to Dr. Tal Zaks.

As for the figures of **deaths from covid-19**, which are deliberately repeated over and over again, accompanied by images of needle pricks and queues outside the "vaccination" centres of the experimental synthetic mRNA product called "vaccine", it is necessary to add to the heritage of truth that the figures of **deaths from covid** given by the television channels are figures of people who have died **WITHOUT AN AUTOPSY**. Some autopsies of the dead have been carried out in certain countries at the request of relatives, against the "advice" **of the World Health Organisation and the refusal of governments**.

If the financial oligarchies and their investment funds had not "intervened" the Boards of Directors of the TV and press networks, and the judges had ordered to broadcast the images of the AUTOPSIES, if internationally accredited virologists and scientists had been able to expose the dangers of the experimental injections of synthetic mRNA before the TV cameras, then there would not have been hundreds of thousands of deaths and millions of adverse effects, and the "PANDEMIA" would not have continued, because billions of people would have known that there were hundreds of thousands of deaths and millions of adverse effects, that alternative drugs are available to combat this coronavirus, then there would not have been hundreds of thousands of deaths and millions of adverse effects, nor would the "PANDEMIA" have continued, as billions of people would have known that the dangerous Covid-19 was not known to the World Health Organisation, the Centers for Disease Control and Prevention, or Government Ministries of Health.

"They do not have Covid-19 sequenced, isolated, nor do they have cultures of SARS-COV-2 for testing, nor do they have a Registry of Laboratories with the capacity to culture and isolate for testing. This leads to the conclusion that the Ministries of Health cannot prove that SARS CoV-2 is the virus causing the "pandemic" and the Covid-19 disease. They do not have cultures of this virus, but neither do they have any test capable of detecting it, nor of detecting the internal infection it produces.

The ill-fated RT-PCR has only been the auxiliary tool to kill, sicken and genetically contaminate the genome of millions of people, who, **before being injected with the experimental synthetic mRNA product, were**

healthy. It has also helped to undermine the foundations of the pillars of support for ailing national economies. And the global one.

As for the deaths of the tens of thousands of elderly people in hospitals and nursing homes, **who have been the support of current generationsly thos**, one who died "vaccinated" by being injected once or several times with experimental synthetic mRNA "vaccines" from certain Pfizer or Moderna batches, which would not be precisely those of "vaccines"-placebo, can attest to their deaths and suffering.

There are leaked reports of deaths in residences in Norway, New York, Spain, Gibraltar, Canada, Germany, Sweden, England... [[Sources-Hyperlinks A&Z-W](#)]

And deaths in hospitals. There are no real figures for deaths of elderly people due to unfortunate medical practices or hospital treatment protocols, which, according to experienced doctors, seem to be designed more to harm the sick than to heal them.

Deaths of elderly people as a result of complications from bacterial infections due to tracheotomies performed on them without informing or asking their relatives for informed consent; tracheotomies performed for intubation and mechanical ventilation by means of respirators.

Thousands of elderly people were abandoned and died without receiving the care, attention and medication they needed in hospitals. Amnesty International investigated.

Many died in agony alone in hospitals, isolated from their loved ones, mainly because they were not "vaccinated" with harmful experimental genetic injections.

The experiences of many family members and friends who have watched loved ones suffer in hospitals have been traumatic. They avoid going through hospital doors as much as possible, depending on the circumstances.

As reported on 2/3/2022 by the UK Health Security Agency, deaths were increasing in the triple-vaccinated population, while they were steadily decreasing in the unvaccinated population. The UK government published

a report confirming that **fully vaccinated** people account **for 9 out of 10 Covid-19** deaths in England.

In a report dated 21/3/2022, the National Health Service in England announced that **people over the age of 75** would soon be injected with the fourth dose of the experimental synthetic mRNA gene product, [from Pfizer or Moderna]. [Sources - Hyperlinks A&Z-W].

If in the first report of 2/3/2022 **the fully vaccinated people** accounted for **9 out of 10 Covid deaths** in England, the elderly over 75 could receive a 4th dose of synthetic mRNA, just not placebo.
